WORK EXPERIENCE

Jalfam Games Inc. - Edmonton

FRONTEND DESIGNER & DEVELOPER • JAN, 2023 - SEP , 2023

- Designed and developed layouts for the company's web and mobile application, enhancing efficiency and user-friendly experience.
- Developed the Jalfam Games Inc. website using React Js, integrating custom CSS styles for a consistent and engaging user experience.
- Collaborated with cross-functional teams to align designs with technical requirements and ensure seamless execution.
- Crafted marketing materials using Adobe Creative Suite, aligning with project specs and branding.
- Managed multiple projects simultaneously, prioritizing tasks to meet project milestones.

TechSynergy Solutions

UI DESIGN STUDENT • JUN 2022 - AUG 2022

- Led design and development efforts for web applications, utilizing JavaScript, CSS, HTML5, and frameworks like Bootstrap and Tailwind..
- Developed wireframes and prototypes using Figma and Adobe XD to visualize and test design concepts.
- Implemented design thinking methodologies to solve complex problems and drive innovation in product development.
- Regularly contributed to feedback meetings and driving continuous improvement in development through effective communication.
- Worked closely with backend developers to integrate APIs and ensure smooth data flow.
- Created a high-fidelity wireframe from scratch in less than 45mins.

Projects

- **Jalfam Games Website:** Developed a fully responsive website using React.js, focusing on performance optimization and accessibility.
- **Interactive Web Application:** Collaborated on a team project to build an interactive web application that included dynamic content and user interaction features.
- **E-commerce Platform:** Assisted in the development of an e-commerce platform, implementing frontend features that improved user shopping experience.

EDUCATION

Northern Alberta Institute of Technology (NAIT) – Edmonton, AB

Diploma in Digital Media and IT – Web Design and Development • 2021 – 2023 (GPA 3.7)
